Are you doing this for a human girl again?
You've been such a good friend
Of course I won't refuse you!!
Blow the rain clouds over your village?
And as I'm reluctant to have any thing to do with humans I'm hoping she'll give up after this
She's insisting that I take her as a disciple
fu fu fu fu
Wind god!!
and still watches over them for 1000 years
Well, for someone who says they don't like humans
Actually I came to ask a favor
Hey!!

But if I don't practice now who knows how much longer it'd take?
It'll take 100 yrs
I'm just practicing standing on clouds
shame
She's insightful
Oh!!
Someone came earlier to worship that grave stone
It must have been Sasuden the thunder god
He had dark skin and a sour expression
Be careful, okay?
worship pay respects
I heard that the lightning god is planning something so be careful, okay?
Oh yeah
ahem anyway
I'm gonna do it this time!!

You haven't smiled in such a long time
Have you stopped loving me...?
I can make you happy

But I've already found happiness with Mikazuki-sama

There's nothing more you can say!!
Couldn't you have cast some spell that slowed her aging?!
t's been 5 years since her death
so you're here
for two people deeply in love time is not a factor.
Saishiden
and today's the day we're going to settle this
You killed her!! I'll never forgive you!!!
It's the same thing!!
It was her own will
Saishiden You're mistaken

She really is a good kid
Wind god san?
It's just that I've got to make dinner
how far are these mountains from the human world ?
hm?
For a fairy it's about half a day's travel but for a human it would take many years
Well
Do you miss your family?
hm ?
Besides you aren't a fairy yet either
erm probably not
Do you want to give up?
Do you want to return to your parents?!!

You've a great disciple you know

第三章 終 End of Chapter Three

Act 4 Flying

w-
well
there's no special reason
Well
That's a nice name
How'd you think it up?
It's just
I just thought it was a cute name
it's not that don't want to tell him
hmm
pyo~!
Kan'n! Fairy-sama!!
I've finally thought of a name~!!
It's gonna be Aya~!!
I've got it~!
your name shall be Aya!!
Okay Aya?!

I don't even know how to stand on a cloud
はっ
even so
.....
so just call me Mikazuki
But then I can't even contradict his words
okay then!!
He doesn't understand a thing
what the hell can YOU do?!
You don't know any things!! You're just a common human girl
.....
You can stop calling me fairy sama
Just address me as [Mikazuki]
ha?
A while ago I told you this
ドキー
y yes?!
It's just not necessary for him to know
kasumi
As my disciple you also are considered a fairy
There are wind and lightning gods as well as many other types of fanes and gods
but
what?!
b
かあ

So that's why Kasumi was upset the other day
smile
Kinda hard imagining Saish den doing that though
I see
Kochi isn't actually a bad kid
He's just a little well selfish
He's jealous of the attention Kasumi is getting

yup
I see you've been working hard!
Kasa sama!
You're visiting!!

Dash
I'm gonna do this!
here goes!!
And that's what happened
really??
guess fairy sama has to go on carrying me on his cloud
スカ oo
whoosh
たん!
bang
It's hard remembering to call him M-kazuki

Eh I think I said something wrong
You were just trying to encourage her weren't you??
yeah
I'm not as heavy as you say I am
NOW you really are going to have to learn how to ride a cloud! You're gonna be too heavy for Mikazuki to carry at this rate
his arms aren't going to be strong enough!!
hm?
Kasumi you've gotten heavier
eh!?
no you really have
I've always hung out with guys you know?? And that's how I treat them just like this
But Kasumi
is a girl
Aren't you
jump!

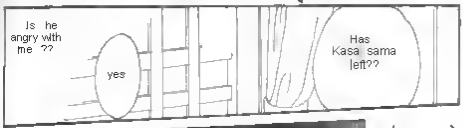
what's wrong ??
this attitude won't help you to become a fairy~!!
and to think that today i really wanted to turn a new leaf and work hard
ha ha ha
you sound so serious
didn't you say you were going to work harder?
stop laughing!
ha?
kasumi
Aya
pi!!
I really am trying so hard!!!
And why did he have to say that in front of Fairy sama?
how can you say that?
Kasa sama
argh~!!
I can't believe this
This is not my day~!!
all
why is this so confusing?
I should be addressing him as "mi kazuki"!

D do you th nk that f you see any of tha v llagers could you ask—
wat no
you can't they all th nk I m dead don't they ?
So I can collect the r sacrifices or rather g fts
just l ke when I found you nstead of food
I ll be back soon Then we can eat some perhaps Okay?

the gods and fa r es are com ng down to collect the gifts
The m st is cover ing the temple

you should answer ma when I call you kasum
Kasai asked me to apolog ze for h m

kas- umi
why do I feel so embarrassed?



Is he angry with me ??
yes
Has Kasai sama left??

We certainly have had some misshaps with the Gaia but we've always managed to keep the peace between us
but
I went only to collect the sacrifices
I can't understand why they'd suddenly attack fairies
Even if you were mistaken about their identity, there is still some potential danger
And Kasai,
I was speaking with Hokusen-dono a while ago, and she told me there have been some occurances concerning the lightning and winds
So you think these two things are related...?

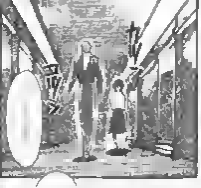
Kasumi
Hochi god of the North wind pleasa speak
Yes
And that concludes the meeting. Are there reports or quest ons?
Kas um
I can sense Kasumi and Masaya s aura Thay wera definitely here
Could it be that
She was involved n the fight ng ?!

This is unacceptable, Mikazuki. This is a private meeting for the wind gods. Even though you are a fairy, you cannot simply just walk in !!!!!
Besides, you have nothing to do with this or the Keiye.
It DOES have to do with me !!!!
My student has been taken by them !!!!
The war has already started
Kasumi?! Mikazuki what do you mean?!
Yes, I've noticed it too
And the humans are suffering from these attacks.
I'm sure most of you have noticed that someone has recently be ng attacking the humans with strong winds and thunder
Which one of US would do such a thing ? If someone is causing pain to the humans
Then it's obviously the Keiye tribe causing trouble !!!
It's too late
Mika zuki ?
Mika zuk san !!!
You can't go in!!

Kasumi could be punished instead
mm
I m sorry but you ll have to explain in full detail Mikazuki
Kasumi was practicing her cloud flying but she never returned I went to look for her but
I found a place where the grass was ran blown and burnt by lightning There were even blood marks
And there I could sense her aura !!!!
some one
someone from heaven has caused this Head of the Winds And he should be held responsible !!!!
Which means
ba
mas-aya !!!!
are you okay ?!
eh?
where is this place !?!?
ouch



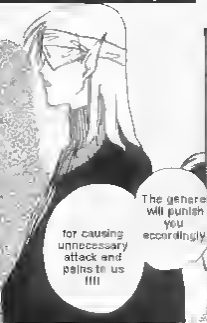
ギロ

excuse me
Are we in a basement ?
are we in a village ?
shut up
カツン
コツン

味噌
It won't open

where am I ?
What happened after I was attacked ?

キッ
Get out



for causing unnecessary attack and pains to us !!!!
The general will punish you accordingly

I m telling you now, acting like you know nothing is not gonna help
カツン
コツン

Why am I locked here ?

Do those gods think that if they sent children that we'd lighten the consequences, ?!?!?!
you !!!!
What? They really are children
I already told that guy over there that you've made a mistake !!
tell me now who sent you to do this !?!?!
So you're saying that you're not one of those attacking us? If you're not from heaven, how is that you can ride a cloud?
Why should I?! I was the one who tried to save you !
I told you to Shut Up !!!
what ? I didn't understand
the general ?
Knowing his name means you're his acquaintance
You don't get it, do you !?!?!
It was Tokaze who attacked you !!!
And I have nothing to do with him or what he did at all !!
Was that a part of your plan to help us?
So you attacked us ?

They
They aren't
humen
?
!!

Only the
Keiya, Fairies,
and Gods
should have
the ability to
use the
escaping
magic
Since
you're a
self-acclaimed
fairy you
should be able
to leave
No exit?!
And as you should
know there is no
exit from our world
because there is
no necessity for one
!!!

villege
people
?

Are you
deliberately
trying to
confuse us
with your
crazy talk
!?!
はっはっはっ

we
are
the
keiya
Nothing
from
your
precious'
earth
can
compare
to us
!!!!

I am a
fairy's
disciple
!!!
Don't you
understand
?
I help protect
the village
people
!!!!

I already said!!!!
The court and I
Yes, sir
Send a letter to the court of heaven!! Tell them we have a little girl of the rs one who lies a lot
we have noth ng to do with eachother !!!

tak
Why won't they hear me out ?!?
Stupid!!
Listen to me !!!

Mikazuki sensei would surely know the escape magic But
I can only ride a cloud
What s wrong? Didn't you say you were a fairy ?
Your words are inconsistent!!

Take her away
hmph
It s true!
And the wind and lightn ng gods are all good people !!!!
Tokaze, the east wind is only an exception !!!!

but
I'm so lucky to have you here ...
If I were alone, I would be so afraid
But because I'm with Masaya, I feel like I have so much courage ...

What do we do Masaya? He said there is no exit
ZUZUZU

Because of Tokaze !!!

PI PI!!
It's all his fault we're here !!!

Mikazuki sensei doesn't know where we are
How would he know we've been captured ?

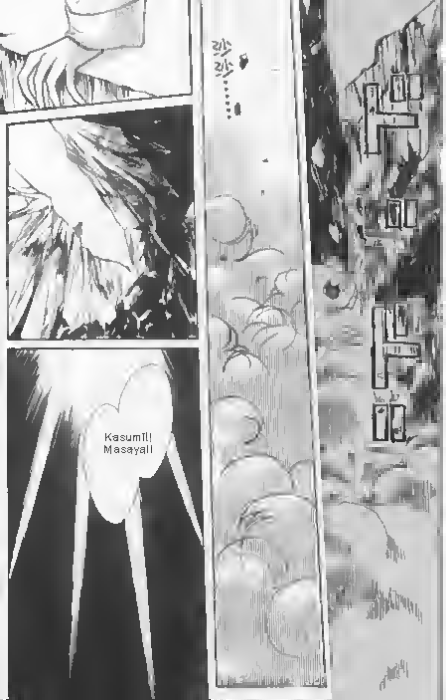
This place is drenched in blood. There must have been a fight here with the kelya tribe
You're right, there's obviously something wrong here
The blood is still fresh
What has happened to Kasumi?
mm, I can only sense her aura
We're gonna keep this up !!!
pit!
ヒュウ

All I had to do was take one look at the lightning small-gods (sakura ??) and know!!
Takaze was all scratched up and covered in mud
Why didn't I think of it earlier?!
No!!
No way!
to-kaze
I'm sorry Mikazuki, I'll be back really soon !!!
You must wait for me !!!!
Am I jumping to quickly to conclusions ?
kana shi ?

But I sense that she's perhaps okay
don't blame yourself !!!
Hey get up!! Your clothes are getting muddy
mud ?
this is all my fault

It wasn't something she left behind
Fire do you sense something ?
her aura seems to be even stronger then before ?
It's something she's eliciting now !!!!!
Which means the aura I felt just now
Until Kasumi's aura fades we're going to search a thousand times
He seems to know something I'm sorry I know you're also worried about Masaya

It's here
Right Fire?
haa !!
Piyo!
Pi ii
What's wrong?! Masaya !!
Masa ya !!
Kasumi stand asida !!



Kasumi!!
Masaya!!

Court ?
Yeah
It's a long story
We have to go back to the court of Heaven now They need to know you ve been found
oh no
Mikazuki sense I must tell you someth ng about Tokaza tha aast wind god
Son sei
Tokaze ?
Did you hear my voice just now ?
Yes I It was really clear !!

mm
Kanashi kun!! Please wait I can explai
I expect you to be present
When I call the emergency meeting for the council
Kasumi chan
Is everything alright ?
Tokaze
!
yeah ?
It.s okay Kasum has already told me what happened

I never thought you would do such a stupid thing Tokeze!
